

Helmet Use and Return Agreement:

Each year many players fail to return their issued football helmet which unfortunately increases league expenses. In order to reduce equipment losses and to maintain our low registration fees, all parents or guardians of tackle football players are required to sign the below agreement before being issued any equipment or game uniform.

By registering here, I, the undersigned parent(s) or legal guardian(s), hereby guarantee the safekeeping and timely return or reimbursement of the replacement value of any and all equipment issued to my child by the Blackman Youth Football League. I will not modify or mark the equipment in any manner to make it unusable or undesirable for future participants. I have received a helmet in good condition. Equipment shall be returned as issued, excepting for normal wear and tear, clean and in good condition to Blackman Youth Football League.

Furthermore, I, the undersigned parent(s) or legal guardian(s), understand that failure to return any of the equipment issued, at the end of the season by the helmet return date that will be posted on the BYFA Facebook page will result in the issuance of a MINIMUM of \$150.00 invoice for the replacement cost of the leased football helmet.

Furthermore, I understand that my failure to either return said equipment or reimburse BYFA for the missing equipment will preclude my player from participating in any future BYFA activities. Additionally, I understand that legal actions may be taken against me and may be forwarded to a collection agency to recover either the leased football helmet or the replacement cost of the retail value of said helmet.
